## BEGINNERS' BOOT CAMP

Join Laurel Smith at the GFO for a day of beginning genealogy. There will be sessions about the census, vital records, discussions about genealogy software and database use, organizing your research, using *Ancestry.com*, and more – all geared toward beginners – but basic computer skills are a prerequisite.

All communications are done via email, and you must be able to download and print the class notes. Bring a sack lunch, snacks, and a beverage so you can keep going as the class does. GFO members may attend for free, non-members for \$20.

**Register online at *GFO.org* by Aug. 16.** A link to the class notes and a short, pre-Boot Camp assignment will be emailed on Sun., Aug. 18.
