2023 Virtual Open House Expands to 9 Days

This year's Virtual Open House begins Saturday, March 11 and runs through Sunday, March 19. We have 29 scheduled lectures.

Several of our Special Interest Groups (SIGs) will have presentations showcasing their areas of interest. In addition, we have speakers from across the United States offering content on research techniques, valuable databases and how to use them, using archives, and DNA. We also have a full day of German genealogy and a full day of Slavic geneal-

ogy this year. Our library chair, Laurel Smith, will kick off this adventure on Saturday, March 11th at 9:30 a.m. (Pacific Time) with an introduction to all the resources available at the GFO.

Please review the 2023 Virtual Open House flyer on [page six](#) for presentations you may be interested in (and please feel free to download our flyer and share it widely).

You can register for a presentation by going to the [GFO Virtual Open House website](#).

GFO Needs You!

The GFO prides itself on being run entirely by volunteers. That makes its Board extremely important because several of the directors also lead various committees. This year, we have three key positions to fill on our Board: Vice-President, Treasurer, and Director at Large. Board members must be GFO members in good standing and agree to serve a two-year term beginning July 1, 2023. No prior nonprofit experience needed.

Responsibilities include attending at least nine of our 12 monthly board meetings each year and submitting monthly reports. The GFO's virtual board meetings are held on the second Tuesday of the month. Please contact GFO Secretary Alexa Waddle at secretary@gfo.org if you would like to know more about these positions. Active and engaged members are what keep GFO thriving.

Oregon Counties and Their Records

Our featured series on records in Oregon counties continues this month with Clackamas and Washington counties. See [page 3](#).

The Genealogical Records of Clackamas County

Geri Auerbach

Clackamas County was one of the original four districts of Oregon. It was created by the Provisional Legislature on 5 July 1843. The current Clackamas County has an area of 1,890 square miles. Clackamas County was named for the Clackamas Indians, a Chinookan tribe, who lived along the Clackamas River.¹ Clackamas County is the third most populous county in Oregon with a recorded population of 421,401 on the 2020 U.S. Census.²

The Genealogical Records of Washington County

Gerri Auerbach

Washington County was originally the Tuality District (also recorded as Twality District). The district was created by the Provisional Legislature on 5 July 1843. Tuality was one of the original four counties of Oregon.¹ Clatsop County was separated from Tuality County in 1844 and the remaining Tuality County was renamed Washington County on 3 September 1849 by the Territorial Legislature. The county was named for President Washington.² Washington County is the second most populous county in Oregon with a recorded population of 600,372 on the 2020 U.S. Census.³

Annual Appeal Exceeds Goal

Geoff Smith, President

GFO's Annual Appeal for 2022 was very successful. In fact, donations exceeded the goal by a remarkable 15%!

A big thank you goes out to all who donated this time around. We are especially grateful for the extra generosity of our donors to help keep GFO strong.

Every year, we rely on the Annual Appeal to raise about a third of the annual budget. The money raised by the annual appeal makes the difference between just keeping the lights on versus continuing to improve the library's holdings, bringing in new classes, providing resources for SIGs, and upgrading some of our aging technology.

115 %

\$30,000.00

We have raised \$34,435.88 of our goal!

The surplus helps ensure that we will be able to carry out our plans and is an opportune provision against unexpected expenses and price increases. Again, thank you, donors!

GFO Inclement Weather Policy

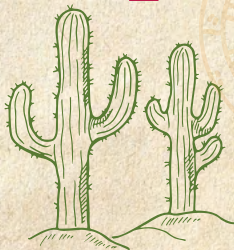

WINTER IS HERE

In case of inclement weather, the GFO Library follows the Portland Public Schools guidelines for closure or delayed opening. If it is a day when school is not scheduled, check the GFO website (gfo.org), and call the GFO at (503) 963-1932 to speak with a Research Assistant to make sure that the library is open and staying open.

GFO Resources for Researching Black Ancestors

GFO has numerous resources for researching Black ancestors. Professional genealogist **Janice Sellers** and University of Minnesota Distinguished Research Professor of History, Emeritus **Harold Hinds, Jr.** have created a 23-page categorized bibliography of sources available at GFO (To download, visit the **African American SIG** page and scroll to the bottom).

Janice Sellers also leads the fabulous African American Special Interest Group. Monthly meetings occur online and are free for the public to attend (register [here](#)). Sellers invites speakers on myriad topics, and many of the resources from those presentations are found on the **African American SIG** page. In addition, she sends out monthly emails

containing many events happening online across the nation.

Also, a few recent articles in *The Forum Insider* highlighting resources for researching Black ancestors include:

- “Follow the Footnote,” April 2022 p. 1, 3.
- “Families Searched for Lost Loved Ones,” August 2022, p. 6.
- “Research Guide Highlights Forgotten Patriots,” August 2020, p. 1.

Nominations Requested for GFO Hall of Fame

The Genealogical Forum of Oregon has established the Hall of Fame Award as a way to honor members who have performed outstanding service and shown exceptional leadership skills on behalf of the Forum. The award is limited to one person per year, except in the case where a pair of members has worked together.

A nomination may be made by any Forum member, and the recipient will be selected from the panel of nominations by a majority vote of the Board of Directors. The recipient must have a well-documented history of service, leadership, and accomplishment in more than one facet of the Forum over a significant period of time.

Procedure

Any member may nominate another member for the award in writing. A nomination must be submitted to the Forum **President** and should include the following:

1. Name and member number (if known).
2. List of services, activities, positions, and accomplishments.
3. A narrative describing the nature of their work in terms of its importance to the success of the Forum.
4. A short biography.

All areas of service will be examined and may

include, but are not limited to, serving as an officer or Board member, chairing a major committee, special interest group, research committee, or data development committee, serving as a research assistant, or performing other responsibilities.

Other important activities to present might include publishing their own books, teaching, giving presentations, and developing publications or electronic GFO products, such as online databases or CDs. The Board will review the information on all nominees and may consider nominations carried forward from a previous year.

The Board will select the one which, in their judgment, is the most deserving. The Board may decline to select a recipient if the available nominations are found to be inadequate or if no nominations are received. Information submitted for nominees who are not selected for the award will be retained by the Secretary for possible use in future years by the Board.

An honorary life membership is given to the recipient. An official biography will be prepared from the data submitted and will be presented to the recipient for verification prior to the publication of the award.

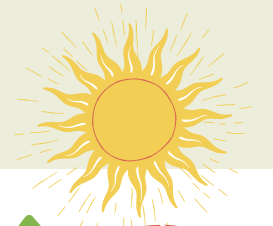

To see the Hall of Fame recipients from previous years, visit the **Hall of Fame** web page. Please submit nominations to the GFO President by March 31, 2023, by email (president@gfo.org) or in person.
