

Oregon Metro Cemetery Burials

This collection of names and information about those buried in 14 historic cemeteries in Multnomah County, Oregon, until 2017, was derived from two sources.

The original list was created by GFO volunteers and given to Metro in 2004. These entries are shaded blue in the combined list.

An updated list was given to the GFO in December 2017 by Tom Alciere who received it from Metro.

Metro's searchable database, and more information about the cemeteries, can be found at <https://www.oregonmetro.gov/metro-cemeteries>.

Both lists include information not found on the Metro site, and each list has information not found on the other. Therefore, **the two lists were combined** to capture everything, so there are duplicate entries for names entered in the 2004 list.

*Please note that there was some data corruption when the data was downloaded from the spreadsheet. This is most notable in the "Lot" column where dates appear rather than lot numbers. Please check the Metro database or call before visiting the cemetery.

The original 2004 spreadsheet prepared by GFO volunteers, and two versions of the 2017 spreadsheet are available for comparison. To aid your research, the 2014 spreadsheet has been sorted alphabetically and by burial location. Other than formatting, no other changes or corrections have been made to these original documents.

No attempt has been made to research or correct any of the data in the spreadsheets or the following list.

To search, scroll through the alphabetized list or open a search box by holding down the Ctrl or command key and touching F, then enter a search term such as a surname.

Cemetery ID	Cemetery Name	Address	City	Metro	Wikipedia	Find A Grave
